

Polytechnic University wishes you a Happy Chinese New Year!

Chinese New Year, also known as the Spring Festival, is one of the most significant and joyous events in the Chinese calendar. During this period, families come together to celebrate, exchange gifts and enjoy traditional foods. It is a time when we express gratitude for the past year and hope for prosperity and good fortune in the year to come.

Last year was a year of great achievements in developing and strengthening the relationship between SPbPU and our Chinese partners. SPbPU is actively developing cooperation with China in the most important areas of science and education. We held many seminars, accelerators, summer and winter schools. Chinese students are finally visiting Polytechnic again after the pandemic to have an opportunity to personally familiarize themselves with the university's achievements.

The Chinese New Year also symbolizes new beginnings and opportunities. This year saw [the opening of the Joint Polytechnic Institute](#) of SPbPU and Xi'an University of Technology.
