

Presentation of Exchange Programs Took Place in SPbPU

A presentation of exchange programs took place on February 25 in the Resource Center for International Activity, Peter the Great St. Petersburg Polytechnic University.

Employees of the International Academic Mobility Department told the students about exchange options and about the main stages of application. The head of the International Academic Mobility Department N. A. Stolyarova covered the possible ways of financing education abroad, mentioned financial support in the context of the Academic Excellence Project 5-100, the Erasmus+ project, FIRST scholarships, the Global Education Program and other grants and scholarships provided by external organizations.

"I would like to point out stable interest on the part of our young generation in learning and cognition of the world. We develop joint programs with the leading foreign higher educational institutions, and the student exchange is becoming a regular phenomenon", -emphasized the head of the International academic mobility department N.A. STOLYAROVA.

More than 70 students studying in various educational programs participated in the meeting. The presentation of exchange programs gave them an opportunity to get the relevant information firsthand, to learn about application procedures and to decide preliminary about the country to study in.

All information on exchange programs can be found in this [presentation](#).
