

Applicants from 75 countries have learned about the educational opportunities of Polytechnic University

During the last month, SPbPU international departments took part in 5 online international educational exhibitions and held 3 webinars. Potential international applicants from Turkey, Tunisia, Algeria, Morocco, Chile, India, as well as countries of the Middle East and the Persian Gulf visited the virtual stands of Polytechnic University. In total, more than 1,500 participants received detailed advice on admission and education.

Two virtual interactive exhibitions of Russian universities were aimed at attracting foreign applicants from Anglo- and Franco-African countries, as well as Middle East and Persian Gulf states. In total, international services received more than 250 inquiries from foreign participants who were interested in the SPbPU educational programs in engineering, technical specialties, mechanical engineering, management and economics.

The SPbPU virtual stand at the Turkish Online International Education Conference was very popular. Over 150 inquiries from potential international applicants focused on entrance examinations, campus infrastructure and student dormitories. The interest of foreign participants in SPbPU education areas was confirmed by the

annual All-India Education Fair «Russian Education — 2022»: over 650 Indian applicants received consultations from the Polytechnic University International Office. Finally, about 100 foreign participants visited SPbPU's virtual stand at the «Study in Russia» exhibition, which was open to participants from all over the world.

Since the beginning of the year, Polytechnic University has participated in 25 international educational online exhibitions and held 10 webinars, many of which were supported by partners. For example, together with colleagues from Rossotrudnichestvo, SPbPU organized webinars for students from Latin America, China, Azerbaijan and Syria.
