

Polytech Open Day for international applicants will be held online

A Polytech Open Day will be held online for international applicants of Polytechnic University, dedicated to the start of the Admission Campaign. On February 20 at 16:00 representatives of international office, institutes and higher schools will tell about the admission procedure and study opportunities, and answer questions from applicants. Also international students of SPbPU will join the broadcast and share their experiences and impressions of studying at the Polytechnic University.

The event will be held in English; [registration is required to connect](#). Participants will receive step-by-step instructions on how to apply to the university, meet program coordinators and international student enrollment managers, learn key facts about the university and campus, living in dormitories and a variety of student clubs and activities. A recording of the event will be available to those who cannot access the Polytech Open Day online on February 20 — it will be posted on the official channels and communities of Polytechnic University for international students and applicants on [Telegram](#), [VKontakte](#) and [YouTube](#).

SPbPU is the leader in the number of international students in Russia. Today, there are more than 5,200 international students from 107 countries enrolled in various

study programs. In January 2023, Polytechnic University ranked among the [top three most international universities in Russia](#) according to the Times Higher Education (THE), a British analytical agency. A total of 197 universities with the best internationalization scores have been included in this year's ranking of «The most international universities in the world 2023».
