

Hola, España!

SPbPU Information Center in Spain carries on facilitating development of Russian-Spanish relations. It has already become a good tradition for SPbPU international office to hold special events at the end of the year in cooperation with the international office in Spain. Last year, it was the festival “[Open Your Heart to Russia](#)” held in Madrid and Cádiz. This year, our university held a large-scale event ‘Polytech: Business, Languages and Culture’, which involved the three largest universities in Barcelona.

SPbPU International Office and SPbPU institutes representatives visited the [Autonomous University of Barcelona](#), [Pompeu Fabra University](#) and [Polytechnic University of Catalonia](#) (BarcelonaTech). There was organized a workshop for future PR managers, seminars in the field of the Russian language studies for students and faculty of Spanish universities. As well SPbPU representatives made presentations of the entire range of SPbPU educational opportunities in Russian studies and humanities and participated in a large number of business meetings and negotiations.
