[MONEY TRANSFER FROM ABROAD](#)

Question: How can I receive money transfer from my parents from abroad? Which bank and which card can I use to receive money from my parents from another country

Variant 1: Open a foreign currency bank account

Polytechnic University students can:

- Open a **foreign currency** account with banks in St. Petersburg that **are not under sanctions** and are not disconnected from SWIFT, for example, Bank St. Petersburg (but not in Sberbank, which has closed its correspondent accounts in dollars from March 26, 2022).
- Send your bank account details to your parents/relatives who are abroad and will be able to transfer funds using the details. Transfers in any currency can be sent from any country.
- parents/relatives send the funds.
- the student receives the money (only in rubles!!!) In connection with the instructions of the Bank of Russia of March 11, 2022, when making cross-border transfers from any country to Russia in a foreign currency, the money to the recipient on the territory of Russia will be given only in RF rubles.

Attention! The bank fee is calculated individually and may depend on the country and transfer amount — please check with your bank for details.

To submit to the bank to open a foreign currency account you can take a certificate confirming that you are a student (postgraduate student) of SPbPU at:

- room 206 for students
- room 204 for postgraduate students.
