

## Vaccination on holidays in January 2022 will be available for international students

Updated information for international students: vaccination on holidays in January 2022 will be available: on January 3, 4, 5, 6 at Polyclinics № 76 from 10:00 to 17:00

Let us remind that [from December 2nd](#), international students of the Polytechnic University can independently vaccinate with the Sputnik Light vaccine at polyclinic № 76. The Polyclinic № 76 insistently offers foreign students to immunize against COVID-19.

**VACCINE:** «Sputnik-Light» (is done once). After vaccination, a foreign citizen receives a QR-code.

### **QR-code will be valid:**

Without СНИЛС (SNILS) — the QR-code will work only on the St. Petersburg territory

If a foreign citizen has СНИЛС (SNILS) — QR-code will be valid on the territory

of the entire Russian Federation.

**The cost is 1400 rubles.**

**Below are answers to important questions:**

**Where do you need to go?**

Polyclinic № 76, Khlopina st., 11

**Steps:**

First, in room 120 — there you need to pay for the vaccine (in cash or by card)

Then to the 103 or 104 room to the therapist

Then to the 101 room to get a vaccine

**When?**

Monday to Friday

9.00 am to 6.00 pm

**IMPORTANT:** Take your passport with you!

After vaccination, you will receive a vaccination certificate.

If you live in a dormitory, please inform the dormitory superintendent that you have been vaccinated.

If you have any questions, write to [nedelko\\_ps@spbstu.ru](mailto:nedelko_ps@spbstu.ru)

If you need help from students to accompany, write here
