## APPLIED LINGUISTICS AND TESOL

**PROGRAM NAME:** Applied Linguistics and TESOL

**AWARD:** Master Degree    **MODE OF STUDY:** full-time    **COURSE DURATION:** 2 years (4 semesters)

**PROGRAM OUTLINE:** The Master degree program is aimed at training highly-competitive professionals who are able to design and organize the process of teaching English as a foreign language, develop traditional and digital teaching resources, and implement a variety of assessment techniques. The dual focus of the program – on Applied Linguistics and TESOL - allows students to acquire deep understanding of the complex relationship between language use and context, as well as get a strong theoretical and practical foundation in the field of teaching English to speakers of other languages. The program equips learners with the linguistic and pedagogic knowledge, research and analytic skills, professional competences in teaching various target audiences and the confidence necessary to develop their careers in ELT. The Master program curriculum is partially aligned with the internationally recognized certification systems of ELT teachers (TESOL, TKT).

**ENTRY REQUIREMENTS:** Bachelor's, Specialist's or Master's degree in any field / English language proficiency - B+ (CEFR B2)/ Examination in the field of General English and TESOL / Interview with the program coordinator (Skype option is available)

### CURRICULUM (GENERAL MODULES):

MODULES	ECTS
Digital resources in scientific research	3
English for Academic purposes	6
History and methodology of science	3
History and Modern Issues of Pedagogical Science	3
Theory and Practice of TESOL	4
Second Foreign Language	2
Project Activities	7
Innovative Methods and Techniques in Education	2
Intercultural Communication in Education	4
English for Specific Purposes	3
Language Teaching Methodology	5
Theory and Practice of Language Teaching	2
Second Foreign Language	2
Project Activities	13
English for Specific Purposes	5
Written Discourse	4
Technology Enhanced Language Learning	4
Computer Linguodidactics	4
Pedagogical Design	4
Innovative Methods and Technologies in ELT	4
Project Activities	2
Thesis	9
Project Activities	24
Total	120

**CAREER OPPORTUNITIES:** The TESOL element enables graduates with prior experience as language teachers to enhance their career prospects in the field of Applied Linguistics. Graduates can look forward to a fulfilling career in language teaching and language curriculum/programme management in public schools, private schools, tertiary institutions, etc.

**POSSIBLE JOB POSITIONS:** ESL/EFL teacher, ELT manager, language analyst, project manager in education
